

SURGICAL PACK [L-SP]

Organ Recovery Systems offers a customized sterile surgical pack to assist with the kidney preparation prior to machine perfusion on the LifePort® Kidney Transporter. This one time use only pack was designed with the perfusionist in mind, providing the instruments you may need for a kidney dissection.

For use outside the operating room.

- Kidney biopsy
- Preparation of renal artery for cannulation
- Clean, separate, measure, and repair kidney

Easy to order.

- Order online at www.organ-recovery.com
- Order via e-mail at info@organ-recovery.com
